WHO are LLG

Lawyers in Local Government (LLG) is the professional membership body representing, promoting and supporting the interests of local government legal or governance officers working within a local authority. This includes Monitoring Officers and their deputies, solicitors, barristers, legal executives, licenced conveyancers and trainees.

Offering a unique range of membership benefits and an exceptional programme of high-quality training events aimed at the local government legal practitioner, LLG is an essential resource for those working in the public sector.

LLG actively influences the local government sector with a range of campaigns designed to build best practice in leadership, succession planning for the future of the profession, and sustainability within our communities. Offering technical guidance and expertise on forthcoming legislation and policy, we collaborate with other important stakeholders within the sector to get the best outcome.

What is Membership Plus

From April 2023, LLG introduced Membership Plus.

In addition to having access to all of the membership benefits, the Membership Plus option offers local authorities the ability to buy a membership inclusive of free attendance for any or all of the people within the LLG Membership Group at 6 remote one-day conferences throughout the year, typically including:

- Elections
- Leadership
- Planning
- Commercial
- Monitoring Officers
- Other topical conferences such as Housing, Litigation and Children's Services

This can be a far more cost-effective way of purchasing access to remote conferences for the legal team.

Please note this does not include the two residential conferences (Spring Conference and Governance Conference), or other LLG one day training courses not listed as part of membership plus
